2nd International
3-DAY NOVEL-WRITING
CONTEST

Doctor Tin is a contemporary Pilgrim's Progress, following its alienated hero through three phases of his violent, lascivious and hilarious journey to heaven (or hell). First, as a detective thriller arch-murderer, "A.J."—the jaded protagonist—undergoes a baptism of hot lead, to be resurrected as a devotee of sado-masochistic love before his final metamorphosis into an anarchic rock musician dedicated not to changing the system as we know it, but to erasing it entirely.
