

# INDEX TO VOLUME 3, 1980

While this does not pretend to be a comprehensive index, its purpose is to help readers find the titles of articles, titles and first lines of songs and tunes, the names of the authors and reviews published in the third volume of *Canada Folk Bulletin*. "4/8" denotes p. 8 of issue #4 (i.e. July-August) and "(w/m)" indicates words and music for song and tune titles. Where there is a composer the name immediately follows the title.
