

INDEX TO VOLUME 2, 1979

While this does not pretend to be a comprehensive index, its purpose is to help readers find the titles of articles, titles and first lines of songs and tunes, the names of authors and reviews published in the first volume of *Canada Folk Bulletin*. "4/8" denotes p. 8 of issue #4 (i.e. July-August) and "(w/m)" indicates words and music for song and tune titles. Where there is a composer the name immediately follows the title.
