

## The Centrefold

The **Barn Dance Opera Country Music Journal** comes from The Barn Dance Historical Society in Wingham, Ontario. I don't know what the Society does besides the Journal, but they have a President and Board of Directors and have produced here a pleasant eight-page newsletter, similar in scope to the **Lead-belly Letter** in the States. It seems to be largely the work of

editor Lynn Russwurm, a name that will surely be recognized by fiddle music fans. Single membership in the Society runs \$20.00 a year (\$30.00 for a dual membership—I guess you can fight over who gets the xerox, who keeps the original!).
